Dear Hiring Manager,

I am writing to express my strong interest in the Amazon VA Product Research position. As a multi-talented professional with proven expertise in Amazon product research, project management, and technology, I am confident that I can excel in this role and contribute significantly to your team's success.

In my recent role as an Amazon Virtual Assistant at InfinaLab LLC, I conducted detailed product research using tools such as Jungle Scout, Keepa, and Amazon Seller Central. I also led multiple departments—including package design, inventory management, 3D modeling, keyword research, and Shopify store operations—to ensure seamless execution and optimal results. This leadership experience in a fast-paced environment has equipped me with strong problem-solving, communication, and organizational skills.

Beyond e-commerce, my background as a Computer Technician and my academic achievements in Information Technology have honed my adaptability and critical thinking abilities. I am a quick learner, self-motivated, and eager to bring creativity and efficiency to your team.

Thank you for your time and consideration. I look forward to the opportunity to discuss how my diverse skills and proactive approach can benefit your company.

Sincerely,

Jian Carlo Estaniol
