	Biotin: 30mcg Phosphatidylcholine: 80mg
Flavor	vanilla flavor
Texture	
Shape	
Packaging Information	tear-away packets/pouches. Unfortunately, we don't have a picture of the existing packaging style, but we envision something along those lines.
Comments	If your company has the capability to produce this formulation with the requested flavors or has similar products available, we would appreciate receiving more information. Specifically, we are interested in: Product availability and lead times Pricing details, including volume discounts if applicable Minimum order quantities

We delivered an order of 1 million sachets (Slurpable gel with vitamins and collagen) for a well-known US company and the order was formulated from scratch in our labs, and it's in the US market for 6 months already. See a sample image of the sachets below (Redacted to protect our customer's privacy).

For the liquid/gel sachets, our R&D team and filling is in our FDA registered facility in Europe-TR, our sachets are formulated in the USA, filled in our FDA Registered facility in Turkey.

~15ml Sachets **without** the pouch or the box: (If Pouching/boxing will be done in the US)

1 Million x 15ml sachets/packets filled with customer's target formula and other ingredients to adjust the organoleptic properties, sachets are printed with 4/5 colors: \$0.27/Sachet (C&F customer's nearest US Seaport).

500,000 x 15ml sachets/packets filled with customer's target formula and other ingredients to adjust the organoleptic properties, sachets are printed with 4/5 colors: \$0.30/Sachet (C&F customer's nearest US Seaport).

MOQ: 150,000 x 15ml sachets/packets filled with customer's target formula and other ingredients to adjust the organoleptic properties, sachets are printed with 4/5 colors: \$0.375/Sachet (C&F customer's nearest US Seaport). (If the customer wishes to receive the order faster, then air freight would be faster for this small quantity, but the cost will be paid by the customer. Estimated air freight is \$0.18/sachet).

Quote TEMPLATE

30 x ~15ml Sachets packed into a pouch or a box:

33,300 pouches/boxes (Pouches are colored, gusseted and resealable), 30 sachets per pouch/box, 15ml per sachet, each is filled with customer's target formula and other ingredients to adjust the organoleptic properties, sachets are printed with 4/5 colors: \$8.75/Pouch or Box (C&F customer's nearest US Seaport).

16,600 pouches/boxes (Pouches are colored, gusseted and resealable), 30 sachets per pouch/box, 15ml per sachet, each is filled with customer's target formula and other ingredients to adjust the organoleptic properties, sachets are printed with 4/5 colors: \$9.36/Pouch or Box (C&F customer's nearest US Seaport).

MOQ: 5000 pouches/boxes (Pouches are colored, gusseted and resealable), 30 sachets per pouch/box, 15ml per sachet, each is filled with customer's target formula and other ingredients to adjust the organoleptic properties, sachets are printed with 4/5 colors: \$9.36/Pouch or Box (C&F customer's nearest US Seaport). (If the customer wishes to receive the order faster, then air freight would be faster for this small quantity, but the cost will be paid by the customer. Estimated air freight is \$4.50/Pouch or Box).

Quote TEMPLATE

Ingredients, supplements, and packaging: Our ingredients and/or products may be sourced/made at FDA registered global sites that conform to cGMP. Trademarked/patented ingredients are subject to availability and affordability at the time of the order, thus WELL ALIMENTS reserves the right to use non trademarked/non patented ingredients with equivalent features.

Estimated lead time to have the order ready to ship from our facility: 12-14 weeks +2wks only starts after receiving payment and after final approval of samples, and final approval of label graphics.

Payment terms for custom made products are as follows:

50% with the PO/Sales Order (after issuing the Proforma Invoice).

25% after R&D is completed, customer approval and before beginning full production.

25% after notifying the customer that the order is ready to ship (pictures of the fully bottled/packaged product/s will also be emailed to the customer).

Sampling: The customer is entitled to one free order of samples before actual production commences, then if the customer wishes to order more samples, an additional charge of \$250 will be applied for each request of additional samples to cover RD expenses and shipping of the new samples.
